

Table of Contents

Preface	Page 07
Chapter 1:	Page 09
Design optimization of reinforced ordinary and high strength concrete beams with Eurocode2-EC2	
Chapter 2:	Page 31
Cost optimum design of doubly reinforced high strength concrete T-beams using EC2	
Chapter 3:	Page 51
Cost minimization of post-tensioned concrete beams using Eurocode 2-EC2	
Chapter 4:	Page 79
Design optimization of reinforced concrete slabs with Eurocode 2-EC2	
Chapter 5:	Page 101
Optimization of rigid pavements in accordance with PCA design method	
Chapter 6:	Page 117
Minimum cost plastic design of steel beams using Eurocode 3-EC3	
Chapter 7:	Page 137
Cost optimization of composite beams according to Eurocode 4-EC4	
Chapter 8:	Page 155
Optimum cost design of wood beams according to Eurocode 5-EC5
